

## JOB DESCRIPTION

|           |  |
|-----------|--|
| Job Title | Senior Associate/ Manager- Project Finance (basis years of experience) |
| Function  | Project Finance  |
| Company   | AMP Energy India Pvt. Ltd.   |
| Location  | New Delhi  |

### Company Profile

Amp India is emerging as a leading balanced GW scale integrated renewable energy power producer in India that is focused on delivering clean and green energy to both C&I and utility customers. With a Pan India presence and a world class team with proven experience in developing, financing, building and operating GW scale renewable energy project portfolios, it is targeting an overall portfolio size of 5 GWp in India. Amp India is backed by leading international institutional investors from North America, Europe, Japan and India.

Amp India is part of Amp Energy (Amp). Amp is a global energy transition platform. It develops, owns and operates clean energy assets throughout its core markets around the world, alongside Amp X, the disruptive grid-edge technology platform utilizing proprietary artificial intelligence expertise. The company is headquartered in Toronto with global operations throughout Japan, Australia, India, Spain, Czech Republic, UK and North America. **For more info, visit [www.ampenergyindia.com](http://www.ampenergyindia.com)**
